

Job Title: Manager – IT Strategy/Information Security

Solution Area: Information Risk

Project Location: Philadelphia Area

naviGATE is seeking a manager to join our growing, boutique, management consulting firm in Villanova, PA. naviGATE works collaboratively with our clients to help them improve operational effectiveness and achieve their strategic goals. As a growing, regionally focused, management consulting firm we bring the experience, expertise and resources needed to help our client succeed.

Position Description:

A manager is responsible for daily project management with the client. As a part of the project team you are responsible for maintaining strong client relationships. You will also be assisting naviGATE to identify new opportunities within a current or potential new client. Strong project management skills are a must to ensure projects are delivered on time or before scheduled, with high quality and exceed client expectations. You will be an integral part of business development and brand building initiatives.

As part of naviGATE’s growing information risk management solution team, the manager will provide strategic guidance to clients around network infrastructure, IT security, cloud computing, disaster recovery planning and risk compliance. Compliance will include assessment, design and identification of information security controls based on client industry.

Risk Management experience will include providing advisory services to clients involving strategic direction and adherence to regulatory requirements. naviGATE is seeking someone with IT and business acumen to provide practical guidance in assessing budget and spending against benchmarks, identifying technology needs, and defining governance and technology standards and controls.

Position Requirements:

- Bachelor’s degree with a minimum of eight years’ relevant consulting experience, MBA a plus
- Certified Project Management Professional (PMP) or Lean Process trained a plus
- Certified Information Systems Security Professional (CISSP) or Certified Information Security Manager (CISM)
- Certified Information Systems Auditor (CISA) a plus
- Cisco Certified Network Associate (CCNA) a plus
- Strong analytical, communicative and interpersonal skills
- Strong oral and written communication skills are a must
- Proven experience in managing client expectations
